MARCH 8, 2013 • Bowling Green, Mo.

Receipts: 2722; Last Week: 1028; Year Ago: 2403

With the last good test which was actually three weeks ago as two major snow storms limited feeder receipts in area. Undertone on steer and heifer calves under 650 lbs trading firm to higher with undertone on yearlings weak to lower. Supply was moderate to heavy with demand best on calves and light yearlings suitable for grass with demand light for heavier feeders and yearlings bound for the feedlot. This week's sharp losses from the CME cattle futures are showing little support for yearling prices. Slaughter cows and bulls traded fully steady to firm, spots \$2 higher on high dressing cows. Supply included near 6 percent slaughter cows and bulls with the balance feeders. Feeder supply included 49 percent steers and 51 percent heifers with near 70 percent weighing over 600 lbs.
