

Field Day Set For Aug. 19 At Lon Mann Cotton Research Station

MARIANNA, ARK.

University of Arkansas Crop Research Field Day, Lon Mann Cotton Research Station, Marianna, Ark field day is scheduled for Aug. 19. Registration will begin at 8:00 a.m. with field tours beginning promptly at 8:30 a.m. We have expanded our research farm and now the only research station in the Mid-South with a dedicated research program in glyphosate resistant

pigweed management. Hear about the impact of cover crops, tillage and herbicides on glyphosate resistant Palmer amaranth in cotton and soybeans. Other stops include: Corn management, Fertility and Precision Ag, Plant bug control, and Cotton production. CCA credits available and lunch will be provided. For more information, contact Teresa Malone at (870) 295-2839 or email tmalone@uaex.edu. Δ
