**JUNE 26, 2012 • Fruitland, Mo.**

**Receipts: 556; Last Week: 482; Year Ago: 329**

Drought conditions are reaching extreme conditions, shortages of hay and expectations of little to no rain in the immediate forecast are causing a larger number of cattle to come to market. As widespread as these conditions are, prices are dropping rapidly. Market trended \$3-15 lower. Of the offering 200 were cows. Steady. Breeding stock cows much weaker due to weather conditions.
