**F**armers will not want to miss the MFA Cattlemen's Extravaganza to be held at the Perryville Retail Store on Highway 61 South of Perryville on Saturday, June 20, from 9 a.m. to 2 p.m.

The event will feature a trade show with some of the vendor representatives coming in to set up booths and offer technical advice on their products. Some new products from Gallagher and True Test fences also will be on display.

Some local cattlemen will be present to share information on their experiences and successes. The SEMO Cattlemen's Association will provide lunch.

"We are making it a sales event for MFA," said Brian Myers, retail feed sales manager. "We will have discounts on feed and animal health supplies; cattle handling products, big feeders and head chutes will be on sale. We have seven or eight different cattle working systems set up behind the store here now. We want to make this a beef cattle event."

Make plans now to attend this event.      Δ
