

Mayberry Seed Co Accesses Deepest Pool Of Seed Genetics

ESSEX, MO.

*Q: How do farmers achieve maximum profits
on every acre?*

A: Mayberry Seed Company

Locally owned and operated, Mayberry Seed Company provides farmers across the Bootheel and Northeast Arkansas with AgVenture® brand corn and soybean seed. As part of AgVenture, Inc., the nation's largest network of independent regional seed companies, Mayberry Seed Company has unmatched ac-

cess to the broadest and deepest pools of seed genetics and technology resources on the market.

Mayberry Seed Company participates in AgVenture's Maximum Profit System, an intensive education initiative and systematic approach to increasing bushels produced per acre, lowering cost per bushel and maximizing yield on every acre. To date, more than 150 area farmers have participated in Mayberry's AgVenture University programs. Δ
