

# Precision Ag Products Available At Hayes

## **SHELBYVILLE, TENN.**

**E**arl Dudley Incorporated and Hayes Instrument Company, with nearly 100 years of combined experience in the precision products field, have expanded their business services to include precision agricultural products.

Earl Dudley Inc, founded in 1938, has always had a strong focus on servicing and repairing precision surveying instruments for construction, surveying, and engineering professionals in the Southeast. With locations in Atlanta GA, Birmingham AL, Charlotte NC, Jackson MS, Nashville TN, and with more than forty employees, Earl Dudley Inc can provide you with the equipment you need and the support you deserve. Earl Dudley Inc is also home to the South's premiere GPS Network, iNET, which offers five-state, high precision GPS coverage with around-the-clock technical support. iNET fully

supports your Topcon GPS agricultural products.

Hayes Instrument Company, in business for over 25 years, maintains an unparalleled reputation for "putting customers first." Hayes, recognized as one of the largest national retailers of precision products, has used remarkable customer service and innovation as a recipe for success. Hayes' offerings include an on-line store and support resource, a highly qualified sales, repair, and support staff, plus a unique in-house financing plan. Hayes is also a Topcon authorized regional repair center.

Earl Dudley Inc and Hayes Instrument Company, coupled with Topcon's superior line of agricultural products, are here to help you make the best decisions for your agricultural business so that you can be profitable always.
