

UT AgResearch Hosts Tobacco, Beef And More Field Day

SPRINGFIELD, TENN.

The annual Tobacco, Beef and More Field Day returns to the Highland Rim AgResearch and Education Center on Thursday, June 28. This free event will feature informative sessions on tobacco, beef cattle and forage production delivered by university and industry experts.

Registration begins at 7 a.m. At 8:15 a.m. vans and wagons will begin transporting visitors to their selected field tours located throughout our research farm. While you wait for the tours to begin, peruse an educational and industry trade show.

The Tours are as follows:

Tours A & B – Tobacco

- Variety Development and the Effects of Harvest Management

- Sucker Control Strategies with Reduced MH Residues

- Does Crop Rotation Impact Black Shank?

- Ridomil Application Methods and Effective Black Shank Control

Tours C & D – Beef and Forages

- Beef Production 101: Open Cows & Dud Bulls

- Specific Mineral Concerns for Optimum Reproduction

- Herd Health Strategies for Beef Cattle

- Warm Season Grass Strategies for Cattle

Tour E – Pasture Weed Control

- Pasture Weed Control Strategies

- New Developments for Pasture Weed Control

Pesticide re-certification points are available in Categories 1, 10 and 12. CCA credits are also available.

The tours will conclude at approximately 12:30 p.m. when visitors will be treated to a delicious lunch (steak sandwich, chips, cold drinks).

For more information, feel free to contact your local UT Extension office, or you can call the Highland Rim AgResearch and Education Center at 615-382-3130. You may also visit the [website](http://highlandrim.tennessee.edu) <http://highlandrim.tennessee.edu>. If you need to request an accommodation for accessibility, please contact the Highland Rim office.

The Tobacco, Beef and More Field Day site is located 25 miles north of Nashville on Oakland Road in Springfield. For more detailed directions visit the Highland Rim website or call the office. Δ
